Flightradar24 is a website and app that offers real-time info about thousands of aircraft around the world, searchable by registration number, flight number or airline.

## **Plane Spotter Guide**

Plane Spotter's Guide to World War II Aircraft 1. When this fighter plane rolled off the assembly line, pilots called it a dog (among other names!) because it was outclassed by its German Luftwaffe counterparts. But with the addition of a Rolls Royce engine it became one of the most feared Allied aircraft of World War II.

## **Aviation Photos, Airline Fleets & more | Planespotters.net**

The PLANE SPOTTER is a beautiful, high quality laminated guide that brings the thrill of aviation to everyone.

## **Airline Index**

It is only a Plane spotters guide if that plane is on the ground and you are next to it (in which case it probably has a stand with a label on it anyway), it is not a spotters guide if it happens to fly overhead (as in my experience most planes do), ALL drawings are from the side which is great if you need a painting guide for the side of a plane and again useless if you want to paint anything else on your model plane.

## **Planespotting: A Guide to Tracking Aircraft Around the World**

Included on this website are guides to spotting and identifying the common airliners of today. This website provides identification guides and recognition tips for comparing the airliners of the major companies engaged in aviation manufacturing today: Boeing, Airbus, Embraer, Antonov and others.
